

Shelter Appreciates Support

October was National Animal Shelter Appreciation Month. In a news article printed in the New Register, Cindy commented on how fortunate we are to have so much community support. She said, "Our shelter realizes we are appreciated often, not just in October. We have so many people in our community who do very nice things for us all year long." One person who has recently given generously of her time and knowledge is

Kathleen Fantazzi , Attorney with Gold, Khourey, and Turak. Kathleen not only supports the Animal Rescue League but serves as the Chair of the Upper Ohio Valley Italian Festival. Kathleen's expertise as an attorney and her experience working with a non-profit organization provided a wealth of information regarding shelter policy, by-laws, duplicated insurance etc. Not only is Kathleen someone really nice to know, she also adopted an Old English Sheepdog from our shelter.
